Time will be allotted for parents in the Sunday evening to discuss the performance of their wards. Tiwari's Classes promises to try its best to fulfill their valuable suggestions for their ward's academic progress.

REPORT CARD

Report cards provide parents with essential information concerning their child's progress in institute. Sometimes due to poor performance, students hesitate to tell their marks to their parents and they wait for some other tests, so that they can win the faith of their parents this time, unfortunately if the poor performance still persists and the parents keep themselves in illusion that everything is going fine with their ward, it becomes too late to mend the things. As a precaution for not to get trapped in this unexpected impasse Tiwari' Classes will provide a report card to each student, where the progress of their ward can be judged and monitored. Each student enrolled at Tiwari's Classes will be provided a Report Card.

Faculties

There are lots of good reasons to choose us, but the one you should not overlook is the team of our distinguished faculty members.

We are not just another coaching class. We believe in teamwork. We stand for a team of highly qualified and competent staff. We at Tiwari's Classes value our faculty the most, we provide them a free environment and an open platform to even compete with each other to win students' admiration by delivering their best. This healthy environment has resulted in a very positive atmosphere and made our team highly competent and cohesive.

Besides the permanent faculty members we do keep inviting subject experts from all over india for exposing our students to the techniques and strategies followed by students in other states and zones for cracking competitive exams.

We believe, any educational institute is as good as the people and mainly the faculty behind it. We always keep our doors open for any teacher who is qualified, experienced and most importantly has the charisma to motivate children to achieve their goals.

TWO FROGS!

A group of frogs were traveling through the woods, and two of them fell into a deep pit. When the other frogs saw how deep the pit was, they told the two frogs that they were as good as dead. The two frogs ignored the comments and tried to jump up out of the pit with all their might. The other frogs kept telling them to stop, that they were as good as dead. Finally, one of the frogs took heed to what the other frogs were saying and gave up. He fell down and died.

The other frog continued to jump as hard as he could. Once again, the crowd of frogs yelled at him to stop the pain and just die. He jumped even harder and finally made it out. When he got out, the other frogs said, "Did you not hear us?" The frog explained to them that he was deaf. He thought they were encouraging him the entire time.

This story teaches two lessons:

- ▶▶▶ There is power of life and death in the tongue. An encouraging word to someone who is down can lift them up and help them make it through the day.
- ▶▶▶ A destructive word to someone who is down can be what it takes to kill them.

Be careful of what you say.

Speak life to those who cross your path. The power of words... it is sometimes hard to understand that an encouraging word can go such a long way. Anyone can speak words that tend to rob another of the spirit to continue in difficult times. Special is the individual who will take the time to encourage another.
